Author index of volume 82

Alcalá, F. and I. Sancho, Output composition and the US output volatility decline 115
Araujo, R.A. and T.B.S. Moreira, A dynamic model of production and traffic of drugs 371
Arya, A. and B. Mittendorf, Purchasing sleeping patents to curtail budget padding 221

Bajo-Rubio, O., C. Díaz-Roldán and V. Esteve, Searching for threshold effects in the evolution of budget deficits: an application to the Spanish case 239
Balk, B.M., Decompositions of Fisher indexes 107
Barbezat, D.A., Revisiting the seniority wage effect for faculty 289
Barrios, S. and E. Strobl, Industry mobility and geographic concentration in the European union 71
Bengochea-Morancho, A., *see* I. Martínez-Zarzoso 121
Besancenot, D., K. Huynh and R. Vranceanu, Default on sustainable public debt: illiquidity suspect convicted 205
Bessen, J., Holdup and licensing of cumulative innovations with private information 321
Bhar, R. and S. Hamori, Empirical characteristics of the permanent and transitory components of stock return: analysis in a Markov switching heteroscedasticity framework 157
Blake, A.P., Open loop time consistency for linear rational expectations models 21
Burkhauser, R.V., J.S. Butler, S. Feng and A.J. Houtenville, Long term trends in earnings inequality: what the CPS can tell us 295
Butler, J.S., *see* R.V. Burkhauser 295

Campbell, D.E. and J.S. Kelly, Social choice rules with vetoers 245
Cavaliere, G., Testing stationarity under a permanent variance shift 403
Checchi, D. and C. García-Peñalosa, Risk and the distribution of human capital 53
Christiaans, T., Types of balanced growth 253
Collard, F. and H. Dellas, Supply shocks and employment in an open economy 231
Czarnitzki, D. and K. Kraft, Innovation indicators and corporate credit ratings: evidence from German firms 377

Darné, O., Seasonal cointegration for monthly data 349
Dellas, H., *see* F. Collard 231
Dhaene, G. and D. Hoorelbeke, The information matrix test with bootstrap-based covariance matrix estimation 341
Díaz-Roldán, C., *see* O. Bajo-Rubio 239

Esteve, V., *see* O. Bajo-Rubio 239

Feess, E. and M. Walzl, Delegated expertise—when are good projects bad news? 77
Feng, S., *see* R.V. Burkhauser 295

Category index of volume 82

C Mathematical and Quantitative Methods

J. Hahn, Does Jeffrey's prior alleviate the incidental parameter problem? (C1) 135
K. Wälde and U. Woitek, R&D expenditure in G7 countries and the implications for endogenous fluctuations and growth (C2) 91
S. Feng, Detecting errors in the Current Population Survey: a matching approach (C8) 189
W. Krämer and F. Marmol, The power of residual-based tests for cointegration when residuals are fractionally integrated (C12) 63
L.G. Godfrey and C.D. Orme, Controlling the finite sample significance levels of heteroskedasticity-robust tests of several linear restrictions on regression coefficients (C12)281
G. Dhaene and D. Hoorelbeke, The information matrix test with bootstrap-based covariance matrix estimation (C12)341
E. Tortosa-Ausina, An alternative conditioning scheme to explain efficiency differentials in banking (C14)147
M.-S. Yun, Decomposing differences in the first moment (C20)275
T. Sinha and D. Sinha, The mother of all puzzles would not go away (C22)259
G. Cavaliere, Testing stationarity under a permanent variance shift (C22)403
D. Czarnitzki and K. Kraft, Innovation indicators and corporate credit ratings: evidence from German firms (C25)377
B.M. Koebel, First-order serial correlation in seemingly unrelated regressions (C30) 1
S.C. Kumbhakar and G. Karagiannis, On the equivalence of two normalizations in estimating shadow cost functions (C31) 15
O. Darné, Seasonal cointegration for monthly data (C32)349
I. Martínez-Zarzoso and A. Bengochea-Morancho, Pooled mean group estimation of an environmental Kuznets curve for CO_2 (C33) 121
B.M. Balk, Decompositions of Fisher indexes (C43)107
M. Piacenza and D. Vannoni, Choosing among alternative cost function specifications: an application to Italian multi-utilities (C52)415
A.P. Blake, Open loop time consistency for linear rational expectations models (C61) 21
V. Fragnelli, I. García-Jurado and L. Méndez-Naya, A note on bus games (C71) 99
M. Pilar Socorro, Mergers and the importance of fitting well (C72)269

D Microeconomics

J. Hanousek and R.K. Filer, Investment, credit rationing, and the soft budget constraint: what would a well-functioning credit market look like? (D2) 385
R.V. Burkhauser, J.S. Butler, S. Feng and A.J. Houtenville, Long term trends in earnings inequality: what the CPS can tell us (D3) 295
S. Rossignol and E. Taugourdeau, Social insurance with representative democracy (D7) 127
J. Park, International student flows and R&D spillovers (D24)315
R. Foellmi and J. Zweimüller, Inequality, market power, and product diversity (D30)139

Elsevier B.V.
doi:10.1016/S0165-1765(04)00018-7

D.E. Campbell and J.S. Kelly, Social choice rules with vetoers (D71)245
F. Lajeri-Chaherli, Proper prudence, standard prudence and precautionary vulnerability (D81) 29
E. Feess and M. Walzl, Delegated expertise—when are good projects bad news? (D82) 77
A. Arya and B. Mittendorf, Purchasing sleeping patents to curtail budget padding (D82)221

E Macroeconomics and Monetary Economics

H.K. Nath, Inflation and relative price variability: short-run vs. long-run (E31)363
J. Matheron and T.-P. Maury, Supply-side refinements and the New Keynesian Phillips Curve (E31) 391
F. Alcalá and I. Sancho, Output composition and the US output volatility decline (E32) 115
F. Collard and H. Dellas, Supply shocks and employment in an open economy (E32) 231
A. Mody and M.P. Taylor, Financial predictors of real activity and the financial accelerator (E44) 167
B. Neyapti, Fiscal decentralization, central bank independence and inflation: a panel investigation (E58) 227
L. Linnemann and A. Schabert, Can fiscal spending stimulate private consumption? (E62) 173
D. Besancenot, K. Huynh and R. Vranceanu, Default on sustainable public debt: illiquidity suspect convicted (E62) 205
O. Bajo-Rubio, C. Díaz-Roldán and V. Esteve, Searching for threshold effects in the evolution of budget deficits: an application to the Spanish case (E62) 239

F International Economics

V. Miller, When zero interest rate differentials signal a lack of currency peg credibility (F3) 357
S. Ghosh and S. Yamarik, Does trade creation measure up? A reexamination of the effects of regional trading arrangements (F10) 213
P. Vermeulen, Factor content, size, and export propensity at the firm level (F11) 249
S. Mujumdar, Revenue implications of trade liberalization under imperfect competition (F12) 83
J.P. Neary and D. Leahy, Revenue-constrained strategic trade and industrial policy (F12) 409
S. Barrios and E. Strobl, Industry mobility and geographic concentration in the European union (F14) 71
R. Priestley and B.A. Ødegaard, Exchange rate regimes and the price of exchange rate risk (F31) 181
M. Mohsin, Exchange rate policies and endogenous time preference: a dynamic analysis of a small open economy (F31) 195
G.D. Menzies, First-best debt relief (F34) 301

I Health, Education, and Welfare

Ç. Koç, A theoretical rationale for an inelastic demand for health care (I1) 9
W. Sander, Education and urban household location (I2) 327
D. Checchi and C. García-Peñalosa, Risk and the distribution of human capital (I20) 53

J Labor and Demographic Economics

D.A. Barbezat, Revisiting the seniority wage effect for faculty (J3) 289
J.-T. Liu, M.-W. Tsou and J.K. Hammitt, Computer use and wages: evidence from Taiwan (J24) 43
P. Oyer, Recall bias among displaced workers (J63) 397

O Economic Development, Technological Change, and Growth

T. Christiaans, Types of balanced growth (O40)253
H.H. Son, A note on pro-poor growth (O40)307

Q Agricultural and Natural Resource Economics

R. Bhar and S. Hamori, Empirical characteristics of the permanent and transitory components of stock return: analysis in a Markov switching heteroscedasticity framework (G12) 157
H.J. Wall, Entrepreneurship and the deregulation of banking (G28) 333
L. Goerke, Tax evasion, tax progression, and efficiency wages (H24) 35
J. Bessen, Holdup and licensing of cumulative innovations with private information (K3) 321
R.A. Araujo and T.B.S. Moreira, A dynamic model of production and traffic of drugs (K42) 371
